

State Clemency Resources

Which form(s) of clemency does the state offer?

A pardon restores one's right to hold public office and lifts occupational and licensing bars.

No pardon to a living person has been issued in more than a decade, which may explain the fact that there are only a handful of applicants each year. (Requirement of going to legislature for consent evidently discourages exercise of power.)

Decisionmaker

Power vested in governor, by and with the advice and consent of the senate, except in cases of impeachment.
