

**Bill Summary: Arizona Earned Time Credit Increase
HB 2808, Rep. Walt Blackman (R-6)**

Bill Purpose: If passed, HB 2808 would increase the amount of time some people in Arizona’s state prisons can earn off their sentences, if those people complete certain programs.

FAMM’s Position on the Bill: FAMM supports HB 2808. While FAMM believes every person coming home from prison someday should be allowed to earn time off their sentences for their rehabilitation, HB 2808 is still an improvement on current Arizona law and will help thousands more people and families be reunited sooner after prison.

Bill Status: **This bill is not a law yet.** To become law, this bill must go through the committee process, pass through both the Senate and House, and be signed by the governor.

What the Bill Would Do: If passed, HB 2808 would change current Arizona law regarding earned time credit. If passed, the bill would go into effect on December 31, 2020.

FAMM is urging lawmakers to make sure that HB 2808 would apply to people in prison now and allow prisoners who have already completed programs to receive the bill's additional earned time credits.
